Ocean Frontiers II

Film Screening & Panel Discussion

TUE. JUNE 28

5:30pm Reception

6:00pm Film & Panel

Science Museum of Virginia

2500 W. Broad St., Richmond

RSVP & Details:

www.bit.ly/RSVP-Richmond

In a region steeped in old maritime tradition, the film tells of a modern wave of big ships, offshore wind and a changing climate, and how people are coming together to plan for a healthy ocean off their coast.

Join us after the film to discuss the Mid-Atlantic Regional Ocean Action Plan and how we can help sustain the ocean environment, marine livelihoods and coastal cultures in our increasingly busy waters.
