

General Requirements

General Requirements (4.1)

General Requirements (cont.)

In order to be considered for compliance with the requirements of ISO 14001 every element of Section 4, Environmental Management System Requirements, must be addressed.

General Requirements (cont.)

ISO 14001 does contain Annex A (Informative) -- Guidance on the Use of the Specification. This is only guidance there are not any third party audit issues contained within Annex A.

General Requirements (cont.)

Section 4.1 clearly states that all issues laid out in Section 4 must be addressed.

THIS IS THE PURPOSE OF 4.1
