RE: Taylor-Ramsey Wood Preservers, Inc.
Blackstone, VA – Nottoway County
VPDES Permit # VA0081213
Ownership Notification Change
Chemical Notification Change

Dear Ms. Revelle:

Per our conversations, enclosed please find the *VA DEQ Change of Ownership Agreement Form* completed per the regulatory requirements.

Cox Industries, Inc. purchased this facility on July 1, 2008 and the facility name has been changed to *Cox Wood of Virginia, LLC.* Jerry W. Pugh, Jr. (Jay) is the facility manager. Correspondence concerning the VPDES permit can be sent to my attention via:

Cox Industries, Inc.
P. O. Box 1124
Orangeburg, SC 29116
Jane House, CHMM
Corporate EHS
(803) 664-4014
jhouse@coxwood.com

With this notification Cox Wood of Virginia would like to inform you of some minor changes concerning wood preservatives used at the site. Currently this facility is utilizing a *Copper Azole* formulation. This preservative will be modified to a *Dispersed Copper Azole* formula which contains slightly less copper. I have attached the *Material Safety Data Sheets* for this new product. This preservative brings in a bulk dispersed copper solution as the concentrate, while totes are used to add the Copper Azole and Sodium Nitrite Solutions. Along with this, Cox Wood of Virginia may also bring back the original preservative used at this site, *Chromated Copper Arsenate (CCA).* Neither of these products should cause any changes in the sampling requirements currently in place.

If you have any questions, or require more information, please feel free to contact me at (803) 664-4014 or by email at jhouse@coxwood.com.

Sincerely,

COX WOOD OF VIRGINIA
