PUBLIC NOTICE

VOLUNTARY REMEDIATION PROGRAM

In accordance with the public participation requirements of 9VAC20-160-120, the general public is hereby notified that Minnieville Plaza, LLC has requested a Certificate of Satisfactory Completion of Remediation from the Virginia Department of Environmental Quality's (VDEQ) Voluntary Remediation Program (VRP) for remedial actions undertaken, remedial actions to be monitored, and remedial actions completed at the Dale Cleaners store within Minnieville Plaza located at 14116 through 14170 Minnieville Road in Dale City, Virginia 22193. The Phase I and Phase II Environmental Site Assessments, Site Characterization Report, Risk Assessment Report, and a Remediation Report were prepared and completed. The above reports concluded that chlorinated solvents were detected in soils and soil gas at the above mentioned property. Remedial efforts consist of both engineering controls and institutional controls at the site. Institutional control consists of deed restriction prohibiting the use of groundwater at the above site and engineering control consisting of operating a Soil Gas Vapor Extraction System into the future.

Comments from the general public are welcome, and may be submitted in writing to:
