Dear Mr. Podurgiel:

On July 13, 2016, we received the electronic mail transmittal from Mr. John Hafner in which Competitive Power Ventures formally withdrew the Prevention of Significant Deterioration air quality permit application dated January 31, 2014. The Virginia Department of Environmental Quality therefore considers the application inactive and withdrawn. We will take no further action on the application and we will close the stationary source registration. If, in the future, you decide to proceed with this project, you will need to submit a new permit application.

You can call me at (276) 676-4835, or email me at rob.feagins@deq.virginia.gov if you have any questions.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Rob Feagins', written over the word 'Sincerely,'.

Rob Feagins
Air Permit Manager
