

Virginia Coastal Zone MANAGEMENT PROGRAM

Virginia Coastal Zone Management Program Public Notice of Updates to the Enforceable Policies of the Program for which Federal Consistency will apply effective July 19, 2010.

Notice of intended action: This public notice is to inform interested parties that the Virginia Coastal Zone Management Program's enforceable policies have been updated and incorporated into the Program.

Purpose of the notice: Under Section 307(f) of the federal Coastal Zone Management Act (CZMA), requirements established by a state or local government pursuant to the federal Clean Air Act "shall be incorporated" into any program developed pursuant to the CZMA. As a result, the changes to the state statutes and regulations described below are automatically incorporated into the Virginia CZM Program's Enforceable Policies.

State Air Pollution Control Board Statutes and Regulations - Clean Air Act Incorporation. Pursuant to Section 307(f) of the Coastal Zone Management Act (CZMA), 16 U.S.C. § 1456(f), and the Program Change Guidance issued in July 1996 by the Office of Ocean and Coastal Resource Management (OCRM) of the National Oceanic and Atmospheric Administration (NOAA), the Commonwealth of Virginia gives notice of incorporation of Virginia's currently applicable enforceable policies found in Title 10.1, Chapter 13 (State Air Pollution Control Board) of the Code of Virginia and the State Air Pollution Control Board Regulations for the Control and Abatement of Air Pollution (selected chapters from 9 VAC 5) into the Virginia Coastal Zone Management Program (CMP).

To review documents: The text of these changes as well as an analysis of their implication to the Virginia Coastal Zone Management Program is available on the Virginia Coastal Zone Management Program's web site beginning Tuesday, September 6, 2011.
