Re: Reissuance of Hazardous Waste Management Permit
Request for an Extension of the Public Comment Period
Radford Army Ammunition Plant, Radford, Virginia
EPA ID Number VA1210020730

Dear [REDACTED]

The Department of Environmental Quality, Office of Waste Permitting and Compliance (DEQ) is in receipt of the request submitted by you on behalf of the Environmental Patriots of the New River Valley for an extension of the public comment period for the draft permit prepared for the Radford Army Ammunition Plant's Hazardous Waste Management (HW) Post-Closure Care Permit for Units 5 and 16 for the Radford, Virginia facility under EPA ID No. VA1210020730. This request was received by the DEQ on June 3, 2014.

The public comment period for this permit action began on May 1, 2014 and closes on June 19, 2014. Our comment period is provided as outlined in 9 Virginia Administrative Code 20-60-124 which incorporates 40 CFR Part 124. Based on the comments received to date as well as the verbal comments received during the public hearing held on June 4, 2014, no new technical information, data, or substantial issues have been raised or identified that would warrant extension of the public comment period pursuant to 9 Virginia Administrative Code 20-60-124.

As a result, all public comments must be received by the deadline above in order to be considered by the DEQ in making a final decision with respect to the proposed permit reissuance.

If you have any questions or comments concerning this permitting action, please contact Russell L. McAvoy of my staff at (804) 698-4194 or by e-mail at russell.mcavoy@deq.virginia.gov.

Sincerely,

Leslie A. Romanchik
Hazardous Waste Program Manager
Office of Waste Permitting and Compliance
