

Summary of edits to Stormwater Management Inspector Course participant guide

*** 11/12/14: Sample VSMP Authority CGP Inspection Checklist has been edited – 3b and 3c have been switched.*

If you received version 1.1, the following changes have been made:

Cover page, table of contents, introduction page 4: Acronyms

Module 1 page 7: DEQ inspects sites with Department approved annual standards and specifications randomly or in response to complaint

Module 2 page 2: Added to post-construction column on table - long-term maintenance provisions for state projects included with registration statement

Module 2 page 7: Broke down the SWPPP availability box into requirements for construction site personnel, Department and public

Module 2 page 9: Edited language to post-construction inspection overview

Module 2 page 10: Edited bullet list under chart

Module 2 page 10: Edited language about prep-construction meeting

Module 2 page 15-17: Added sample DEQ enforcement flow charts

Module 3 page 16: Added additional references

If you received version 1.2, the following changes have been made:

Module 1 page 7: DEQ inspects sites with Department approved annual standards and specifications randomly or in response to complaint

Module 3 page 16: Added additional references
