SECTION C: Findings of Fact and Conclusions of Law

1. Mr. Kemper owns and operates a confined poultry feeding operation in Rockingham County, Virginia. The Facility is subject to both the Permit and the Regulation, which require that Pollutants from Poultry Waste at the Facility be managed in a manner that avoids discharges or adverse impact to state waters, specifically, to a nearby tributary of the South Fork of the Shenandoah River.
2. Mr. Kemper is a Poultry Grower within the meaning of 9 VAC 25-630-10.
3. On October 27, 2009, DEQ staff conducted an inspection of the Facility to evaluate compliance with the requirements of the Permit and the Regulation. Based on the inspection and follow-up information, Department staff made the following observations: Copies of current Poultry Waste transfers records were not available for review as required by 9VAC 25-630-50 Part (I)(B)(4)(b) of the Regulation and Part I.B.4. of the Permit.
4. On November 4, 2009, DEQ staff sent a letter to Mr. Kemper requesting that he submit the Poultry Waste transfer records within fourteen days. DEQ staff did not receive a response from Mr. Kemper.
5. On December 9, 2009, DEQ issued a Warning Letter, number W 2009-12-V-1002, to Mr. Kemper for this violation of the Regulation at 9 VAC 25-630-50 Part I (B)(4)(b) and Part I.B.4. of the Permit. The WL requested submittal of a response within 20 days. No response to the WL was received.
6. On January 29, 2010, DEQ staff responded to a complaint, IR number 2010-V-2227, regarding the improper storage of Poultry Waste at the Facility. During the complaint investigation, DEQ staff observed the following: a large pile of Poultry Waste was being stored, uncovered, on the ground in the front of the Poultry Waste storage shed. To avoid any potential violation of 9VAC 25-630-50 Part I.B.2 of the Regulation and Part I.B.2. of

the Permit, DEQ staff requested that the Mr. Kemper either remove the Poultry Waste from the Facility or cover and protect it from storm water runoff, wind and precipitation. No response confirming that either of these corrective actions had been performed was received by DEQ staff.

7. On February 18, 2010, DEQ issued Notice of Violation number W2010-02-V-0001 to Mr. Kemper for the violations of the Permit and the Regulation noted in paragraphs C.3. through C.6.. The NOV requested submittal of a response within 10 days. Mr. Kemper responded to the NOV by calling to set up a meeting with DEQ staff on March 18, 2010.
8. On March 4, 2010, DEQ staff performed a follow-up inspection of the Facility and confirmed that the Poultry Waste pile remained in the same place and condition as it had been observed during the January 29, 2010 complaint investigation.
9. On March 18, 2010, Department staff met with Mr. Kemper to discuss the violations noted in the NOV. Proof of compliance was confirmed by DEQ staff through receipt of the following documentation: a) Photographs showing that the Poultry Waste pile was less than half the size previously documented in the inspections and that it was completely covered and protected from storm water, wind and precipitation, and b) complete Poultry Waste transfers records from the Facility for calendar year 2009.
10. On May 5, 2010, DEQ staff performed a follow-up inspection of the Facility and confirmed that the Poultry Waste pile noted during the January 29, 2010 complaint investigation had been removed.
11. Based on the results of the above October 27, 2009, January 29 and March 4, 2010 inspections and the March 18, 2010 meeting, the Board concludes that Mr. Kemper has violated 9 VAC 25-630-50(B)(4)(b) and 9 VAC 25-630-50(B)(2) and Permit Part I.B.2. and B.4., as described in paragraphs 3 through 9, above.

10. This Order shall become effective upon execution by both the Director or his designee and Mr. Kemper. Nevertheless, Mr. Kemper agrees to be bound by any compliance date which precedes the effective date of this Order.

 - b. the Director or Board terminates the Order in his or its sole discretion upon 30 days' written notice to Mr. Kemper.

Termination of this Order, or any obligation imposed in this Order, shall not operate to relieve Mr. Kemper from his obligation to comply with any statute, regulation, permit condition, other order, certificate, certification, standard, or requirement otherwise applicable.

12. Any plans, reports, schedules or specifications attached hereto or submitted by Mr. Kemper and approved by the Department pursuant to this Order are incorporated into this Order. Any non-compliance with such approved documents shall be considered a violation of this Order.
