Subject: PC#2013-3154; CAP clean up presentation
Date: Friday, February 13, 2015 6:47:22 PM

Dear Mr. Wardle,

As a 40 year resident of Alexandria and someone who has appreciated the quality of life there, I have been extremely interested in the cleanup of the former Mirant power plant site. It is in all of our interests that this process be well managed, thorough and completed in a timely manner because of the polluting issues facing so many residents and business in the entire area.

Please know that there are many of us who encourage and support you doing a job that meets all necessary compliance and monitoring standards.

I thank you in advance.

Sincerely,
Patricia Collins
