

Virginia Green Spas

Green Leaf and Pebble Tea Spa Virginia Beach, VA

Virginia Green is the Commonwealth of Virginia's campaign to promote environmentally-friendly practices in all aspects of Virginia's tourism industry. **Virginia Green** has established "core activities" specific to each sector of tourism, and these practices are considered the required minimum for participation in the program. However, **Virginia Green** encourages its participants to reduce their environmental impacts in all aspects of their operations, and this profile provides a full list of all their "green" activities. These are the activities that guests / customers can expect to find when they visit this facility.

Green Leaf and Pebble Tea Spa

Green Leaf and Pebble Tea Spa is an award winning and nationally certified ECOSPA and a spa like no other on the Eastern Seaboard. Not only are luxurious full service eco-friendly skincare and massage spa experiences provided, but in addition; the Green Leaf and Pebble has a beautiful tea lounge/shoppe to compliment its unique ambiance, featuring a variety of over 90 delicious and healthy certified organic and Fair Trade originated loose leaf teas.

Green Leaf and Pebble Tea Spa was created and launched in November 2012 with the focus on providing its customers with the very best environmentally friendly and health beneficial atmosphere available. The skincare and massage products utilized are all derived from as many natural and organic sources available, while the certified organic loose leaf teas provided come from Fair Trade tea farmers around the world. Our teas are brewed only with pure Spring Water and we incorporate Vegan Cane Sugar with our operations. The spa is run on the foundation of Eco-visionary principles and as such, the related operations, atmosphere and ambiance is conveyed to the guests. Subsequently, joining Virginia Green was a very fitting organization to align with, as it emulates our mission and vision.

This Tea Spa performs many sustainable actions in its operations. Support is constantly provided to local farmers, growers and vendors in the Tidewater Area, especially with the tea shoppe aspect of operations. The spa provides its customers with pure local honey to accompany the certified organic tea it brews and serves within the spa's tea lounge/shoppe. In addition, local, natural and organic ingredients for both Vegan and non-Vegan tea treats are sold within the shoppe. The many pounds of tea leaf waste left after brews of tea are made for the tea shoppe are bagged and kept for mulch and provided to both staff and customers who request it, at no cost. The spa also has a wonderful and on-going "Artist of the Month" program, featuring a myriad of art forms from local artists in the community. Because the spa is located in a beach community, many of the artisan's work incorporate natural items from the beaches and waterways to form into gorgeous works of art.
