

Virginia Green

Attractions

Profile:

Jungle Golf of Virginia Beach, Inc.

Virginia Green is the Commonwealth of Virginia's campaign to promote environmentally-friendly practices in all aspects of Virginia's tourism industry. *Virginia Green Attractions* have been thoughtfully planned and designed to minimize their impacts on the environment. This attraction has met the established "core activities" for *Green Attractions* and has committed to communicate its activities to its guests. Below is a list of this attraction's "green" activities that guests can expect.

Jungle Golf

Jungle Golf of Virginia Beach offers an 18-hole jungle-themed miniature golf course, a game room with video games and pool tables, and air-conditioned snack bar. Jungle Golf welcomes events including birthday parties, tournaments, field trips, family reunions, scout meetings, fund-raisers and team-building events.

Virginia Green Activities. When visiting Jungle Golf, you can expect the following practices:

CORE ACTIVITIES for Green Attractions

- Recycling and Waste Reduction.** Attractions must provide highly-visible recycling opportunities for guests.
 - Plastic, Office Paper, Newspaper, Cardboard, Packing Supplies, Fluorescent Lamps
 - Tracking overall waste bills and quantities
 - Purchasing and designing cups to promote effective recycling
 - Effective food inventory control to minimize wastes
 - Non-bleached napkins and coffee filters
 - Recycled content paper towels and toilet tissue
 - Encourage suppliers to minimize packaging and other waste materials
 - Use two-sided copying and use electronic correspondence and forms
 - Air hand dryers
 - Use latex paint
 - Preventive maintenance on all vehicles and equipment
 - Last-in/First-out inventory
 - Use least toxic materials
- Minimize/Eliminate Styrofoam.** Attractions are encouraged to minimize or eliminate the use of Styrofoam cups and plates in favor of products that are bio-based, paper, or recyclable.
 - Disposable containers made from bio-based materials and recycled content
- Water Efficiency.** Attractions should have a "plan" for conserving and using water efficiently.
 - Tracking overall water usage and wastewater

- Preventive maintenance on drips and leaks
- Discourage water-based cleanup (sweep first)
- Low flow toilets and low flow restrictors on faucets and showerheads
- Effective landscape management plan
- Minimization of impervious areas
- Vegetative buffers around streams and ponds

Energy Conservation. Attractions must have a “plan” that encourages energy conservation and efficiency.

- Tracking overall energy bills
- Use ceiling fans and natural lighting
- High Efficiency Heating & Air Conditioning (HVAC)
- High efficiency fluorescent light bulbs in all canned spotlights
- High efficiency fluorescent ballasts and lamps
- Purchase EnergyStar computers and appliances
- Thermal-rated windows and insulation

Green Events Package. Attractions should be able to at least provide recycling when they host special events.
