

Virginia Green Lodging Profile:

Inn at 802 Bed & Breakfast Williamsburg, Virginia

Virginia Green is the Commonwealth of Virginia's campaign to promote environmentally-friendly practices in all aspects of Virginia's tourism industry. *Virginia Green* has established "core activities" specific to each sector of tourism, and these practices are considered the required minimum for participation in the program. However, *Virginia Green* encourages its participants to reduce their environmental impacts in all aspects of their operations; and this profile provides a full list of all their "green" activities. These are the activities that guests / customers can expect to find when they visit this facility.

Hotel

"Enjoy Relaxation and a Great Location at our Williamsburg VA Bed and Breakfast. Arrive at The Inn at 802, a Williamsburg Bed and Breakfast, and your "Key to Relaxation" awaits you. Our four bedrooms were recently renovated and are decorated in period style, each bedroom with its own private bath. All are carefully appointed and decorated to reflect the Colonial style."

CORE ACTIVITIES for Lodging

☑ This symbol indicates a required activity for Virginia Green Lodging facilities. Participants self-certify that these activities are in place and they provide additional specifics on other activities. Visitors to **Inn at 802** can expect the following practices:

☑ **Optional Linen Service.** Virginia Green Lodging facilities must have some sort of system in place that allows guests to not have their sheets and towels changed every day. This facility pledges that they:

- Train house cleaners on process for optional linen service
- Use non-phosphate, non-toxic, and biodegradable laundry detergents
- Minimize use of bleach and chlorinated chemicals

☑ **Recycling and Waste Reduction.** Virginia Green Lodging facilities must recycle Glass Bottles and are highly encouraged to maintain a comprehensive recycling program. This facility pledges that they:

- Recycle: glass, aluminum cans, steel cans, grease, plastic, office paper, toner cartridges, newspaper, cardboard, packing supplies, fluorescent lamps, batteries, electronic equipment
- Use bulk soap dispensers instead of individual soaps
- Do not use Styrofoam
- Use reusable dishware and glassware, and minimize use of disposables
- Use non-bleached napkins and coffee filters
- Provide condiments, cream and sugar, etc. in bulk
- Use water pitches and filtered water to minimize the use of single-use bottles
- Have an effective food inventory control to minimize waste
- Purchase locally grown produce and other foods

- Filter their grease to prolong usefulness
- Use “green” cleaners that are dispensed in bulk
- Re-use paint thinners
- Properly recycle/dispose of thinners and solvents
- Perform preventative maintenance on all appliances, HVAC systems, plumbing, and vehicles
- Use less toxic materials
- Minimize the use of pesticides and herbicides

Water Conservation. The facility must have a plan for conserving water that should consider plumbing modifications and landscaping. This facility pledges that they:

- Perform preventative maintenance to stop drips and leaks
- Use water-flow metering to discover leaks and areas of high use
- Have:
 - high efficiency dishwashers
 - low flow restrictors on faucets and showerheads
- Discourage water-based cleanup (sweeping first) and use microfiber technology mops
- Minimize impervious areas

Energy Conservation. The facility must have a plan in place that encourages replacement of lighting and equipment to energy-efficient alternatives. This facility pledges that they:

- Track overall energy bills
- Use compact fluorescent light bulbs in all rooms and in canned lighting
- Installed LED Exit Signs
- Use high efficiency fluorescent ballasts and lamps (T5s and T8s)
- Use ceiling fans
- Have high efficiency heating & air conditioning (HVAC) systems
- Use directional (downward-facing) lighting in parking areas and other outdoor areas

Green Events Package. The facility must offer a “green” or “environmentally-friendly” package for conferences, meetings and other events. Even if the facility only offers occasional, small events, at least recycling will be provided. This facility pledges that they:
