

Virginia Green Lodging Profile:

Staybridge Suites Chesapeake, Virginia

Virginia Green is the Commonwealth of Virginia's campaign to promote environmentally-friendly practices in all aspects of Virginia's tourism industry. **Virginia Green** has established "core activities" specific to each sector of tourism, and these practices are considered the required minimum for participation in the program. However, **Virginia Green** encourages its participants to reduce their environmental impacts in all aspects of their operations; and this profile provides a full list of all their "green" activities. These are the activities that guests / customers can expect to find when they visit this facility.

Staybridge Suites

"Staybridge Suites Chesapeake is a brand new, 115 room, all-suite, extended stay hotel in the heart of Greenbrier."

Green Statement: "Besides going green being the right thing to do, our company (Crestline Hotels) is looking to go green across all hotels with a newly formed Green Committee."

CORE ACTIVITIES for Lodging

☑ This symbol indicates a required activity for Virginia Green Lodging facilities. Participants self-certify that these activities are in place and they provide additional specifics on other activities. Visitors to **Staybridge Suites** can expect the following practices:

☑ **Optional Linen Service.** Virginia Green Lodging facilities must have some sort of system in place that allows guests to not have their sheets and towels changed every day. This facility pledges that they:

- Train house cleaners on process for optional linen service
- Minimize use of bleach and chlorinated chemicals

☑ **Recycling and Waste Reduction.** Virginia Green Lodging facilities must recycle Glass Bottles and are highly encouraged to maintain a comprehensive recycling program. This facility pledges that they:

- Instruct housekeeping to save and reuse unopened items
- Use reusable dishware and glassware, and minimize use of disposables
- Use water pitches and filtered water to minimize the use of single-use bottles
- Have an effective food inventory control to minimize waste
- Encourage suppliers to minimize packaging and other waste materials
- Purchase from vendors and service providers with a commitment to the environment
- Make 2-sided copies/ printed materials
- Purchase durable equipment and furniture
- Use latex paints
- Properly recycle/dispose of thinners and solvents
- Perform preventative maintenance on all appliances, HVAC systems, plumbing, and vehicles
- Use a last-in/first-out inventory and labeling system

Water Conservation. The facility must have a plan for conserving water that should consider plumbing modifications and landscaping. This facility pledges that they:

- Track overall water usage and wastewater
- Perform preventative maintenance to stop drips and leaks
- Use water-flow metering to discover leaks and areas of high use
- Have high efficiency dishwashers
- Discourage water-based cleanup (sweeping first)

Energy Conservation. The facility must have a plan in place that encourages replacement of lighting and equipment to energy-efficient alternatives. This facility pledges that they:

- Track overall energy bills
- Use:
 - compact fluorescent light bulbs in all rooms and in canned lighting
 - high efficiency fluorescent ballasts and lamps (T5s and T8s)
- Have high efficiency heating & air conditioning (HVAC) systems
- Perform preventative maintenance on HVAC system
- Have individual thermostats for each room/area
- Use natural lighting
- Have thermal-rated windows and insulation
- Use directional (downward-facing) lighting in parking areas and other outdoor areas

Green Events Package. The facility must offer a “green” or “environmentally-friendly” package for conferences, meetings and other events. Even if the facility only offers occasional, small events, at least recycling will be provided. This facility pledges that they:
