

Virginia Green Restaurants

James Madison University- Carrier Library Starbucks

Virginia Green Activities

This facility pledges that they:

Minimize the use of disposable food service items

- Use disposable containers that are made from recycled content paper
- Use disposable containers that are recyclable

Recycle Grease

- Do not have grease to be recycled

Recycle and Reduce Waste

- Glass (**required for Virginia Green**)
- Aluminum Cans
- Steel Cans
- Plastic
- Toner Cartridges
- Newspaper
- Office Paper
- Cardboard
- Packing Supplies
- Fluorescent Lamps (may required by law)
- Batteries
- Electronics equipment - computers, etc.
- Track overall waste bills
- Have numeric goal to reduce overall materials that go to the landfill
- Donate excess food from events
- Have an effective food inventory control to minimize waste
- Purchase locally grown produce and other foods
- Purchase organic and / or 'sustainably-grown' foods
- Use non-bleached napkins and coffee filters
- Provide condiments, cream and sugar, etc. in bulk

- Use water pitchers and filtered water to minimize the use of single-use bottles
- Use bulk soap dispensers in public restrooms
- Purchase recycled content paper towels and toilet paper
- Use a last-in/first-out inventory & effective labeling systems
- Make 2 sided copies / printed materials
- Using 'green' Cleaners that are dispensed in bulk
- Purchase durable equipment and furniture

Use Water Efficiently

- Track overall water usage and wastewater
- Have a numeric goal to reduce water consumption over time
- Perform preventative maintenance to stop drips and leaks
- Have high efficiency dishwashers
- Have low flow bathroom sink faucets and showerheads (sink faucets use no more than 1.5 gallons per minute (gpm), showerheads no more than 2.5 gpm)

Conserve Energy

- Track overall energy bills
- Use LED Exit Signs
- Have a high efficiency heating & air conditioning (HVAC) system
- Perform preventative maintenance on HVAC system
- Purchase ENERGY STAR computers, appliances, etc.
- Use LEED criteria when developing new buildings
- Are working to achieve LEED-EB (existing building) certification through operational changes and renovations

James Madison University- Chick-fil-A

Virginia Green Activities

This facility pledges that they:

Minimize the use of disposable food service items

- Use disposable containers that are made from recycled content paper
- Use disposable containers that are recyclable

Recycle Grease

- Filter the grease to prolong its life
- Use our grease to make bio-diesel

Recycle and Reduce Waste

- Glass (**required for Virginia Green**)
- Aluminum Cans
- Plastic
- Toner Cartridges
- Newspaper
- Office Paper
- Cardboard
- Packing Supplies
- Fluorescent Lamps (may required by law)
- Electronics equipment - computers, etc.
- Track overall waste bills
- Have numeric goal to reduce overall materials that go to the landfill
- Donate excess food from events
- Compost food waste and other compostables
- Have an effective food inventory control to minimize waste
- Purchase organic and / or 'sustainably-grown' foods
- Use non-bleached napkins and coffee filters
- Use screen based ordering systems
- Use bulk soap dispensers in public restrooms
- Purchase recycled content paper towels and toilet paper
- Use a last-in/first-out inventory & effective labeling systems
- Make 2 sided copies / printed materials
- Using 'green' Cleaners that are dispensed in bulk
- Properly recycle and / or disposal of thinners and solvents (required by law)

Use Water Efficiently

- Track overall water usage and wastewater
- Perform preventative maintenance to stop drips and leaks
- Use water-flow metering to discover leaks and areas of high use
- Have low flow bathroom sink faucets and showerheads (sink faucets use no more than 1.5 gallons per minute (gpm), showerheads no more than 2.5 gpm)

Conserve Energy

- Track overall energy bills
- Use LED Exit Signs
- Have a high efficiency heating & air conditioning (HVAC) system
- Perform preventative maintenance on HVAC system
- Have individual thermostats for each room
- Purchase ENERGY STAR computers, appliances, etc.

James Madison University- Corner Bistro

Virginia Green Activities

This facility pledges that they:

Minimize the use of disposable food service items

- Use disposable containers that are compostable and direct this material to available composting operations in your area
- Use disposable containers that are recyclable

Recycle Grease

- Filter the grease to prolong its life
- Use our grease to make bio-diesel

Recycle and Reduce Waste

- Glass (**required for Virginia Green**)
- Aluminum Cans
- Steel Cans
- Plastic
- Toner Cartridges
- Newspaper
- Office Paper
- Cardboard
- Packing Supplies
- Fluorescent Lamps (may required by law)
- Batteries
- Electronics equipment - computers, etc.
- Track overall waste bills
- Have numeric goal to reduce overall materials that go to the landfill
- Donate excess food from events
- Compost food waste and other compostables
- Have an effective food inventory control to minimize waste
- Purchase locally grown produce and other foods
- Purchase organic and / or 'sustainably-grown' foods
- Use non-bleached napkins and coffee filters
- Provide condiments, cream and sugar, etc. in bulk
- Use bulk soap dispensers in public restrooms
- Purchase recycled content paper towels and toilet paper

- Use a last-in/first-out inventory & effective labeling systems
- Make 2 sided copies / printed materials
- Using 'green' Cleaners that are dispensed in bulk
- Properly recycle and / or disposal of thinners and solvents (required by law)

Use Water Efficiently

- Track overall water usage and wastewater
- Perform preventative maintenance to stop drips and leaks
- Have high efficiency dishwashers
- Discourage water-based cleanup (sweep first)

Conserve Energy

- Track overall energy bills
- Have evaluated existing ovens and other kitchen equipment for energy efficiency
- Use LED Exit Signs
- Purchase ENERGY STAR computers, appliances, etc.

James Madison University- Einstein Bros. Bagels

Virginia Green Activities

This facility pledges that they:

Minimize the use of disposable food service items

- Use disposable containers that are made from recycled content paper
- Use disposable containers that are compostable and direct this material to available composting operations in your area
- Use disposable containers that are recyclable

Recycle Grease

- Do not have grease to be recycled

Recycle and Reduce Waste

- Glass (**required for Virginia Green**)
- Aluminum Cans
- Steel Cans
- Plastic
- Toner Cartridges
- Newspaper
- Office Paper
- Cardboard
- Packing Supplies
- Fluorescent Lamps (may required by law)
- Batteries
- Electronics equipment - computers, etc.
- Track overall waste bills
- Have numeric goal to reduce overall materials that go to the landfill
- Donate excess food from events
- Compost food waste and other compostables
- Have an effective food inventory control to minimize waste
- Purchase organic and / or 'sustainably-grown' foods
- Use non-bleached napkins and coffee filters
- Provide condiments, cream and sugar, etc. in bulk
- Use bulk soap dispensers in public restrooms
- Purchase recycled content paper towels and toilet paper
- Use a last-in/first-out inventory & effective labeling systems

- Make 2 sided copies / printed materials
- Using 'green' Cleaners that are dispensed in bulk
- Purchase durable equipment and furniture
- Properly recycle and / or disposal of thinners and solvents (required by law)

Use Water Efficiently

- Track overall water usage and wastewater
- Perform preventative maintenance to stop drips and leaks
- Have high efficiency dishwashers
- Have automatic faucets or toilets in public restrooms

Conserve Energy

- Track overall energy bills
- Use LED Exit Signs
- Have individual thermostats for each room
- Use natural lighting

Source of energy

- Purchase ENERGY STAR computers, appliances, etc.

James Madison University- Gibbons Hall

Residential Dining Hall.

Virginia Green Activities

This facility pledges that they:

Minimize the use of disposable food service items

- Do not use disposable containers

Recycle Grease

- Filter the grease to prolong its life
- Use our grease to make bio-diesel

Recycle and Reduce Waste

- Glass (**required for Virginia Green**)
- Aluminum Cans
- Steel Cans
- Plastic
- Toner Cartridges
- Newspaper
- Office Paper
- Cardboard
- Packing Supplies
- Fluorescent Lamps (may required by law)
- Batteries
- Electronics equipment - computers, etc.
- Track overall waste bills
- Have numeric goal to reduce overall materials that go to the landfill
- Donate excess food from events
- Compost food waste and other compostables
- Have an effective food inventory control to minimize waste
- Purchase locally grown produce and other foods
- Purchase organic and / or 'sustainably-grown' foods
- Use reusable dishware and glassware & minimize use of disposables
- Use non-bleached napkins and coffee filters
- Provide condiments, cream and sugar, etc. in bulk
- Use water pitchers and filtered water to minimize the use of single-use bottles

- Use menus and table placards as opportunity to communicate green activities
- Use bulk soap dispensers in public restrooms
- Purchase recycled content paper towels and toilet paper
- Use a last-in/first-out inventory & effective labeling systems
- Make 2 sided copies / printed materials

Use Water Efficiently

- Track overall water usage and wastewater
- Perform preventative maintenance to stop drips and leaks
- Use water-flow metering to discover leaks and areas of high use
- Have high efficiency dishwashers
- Have low flow bathroom sink faucets and showerheads (sink faucets use no more than 1.5 gallons per minute (gpm), showerheads no more than 2.5 gpm)
- Have automatic faucets or toilets in public restrooms
- Discourage water-based cleanup (sweep first)

Conserve Energy

- Track overall energy bills
- Use LED Exit Signs
- Perform preventative maintenance on HVAC system
- Purchase ENERGY STAR computers, appliances, etc.

James Madison University- Lakeside Express

Virginia Green Activities

This facility pledges that they:

Minimize the use of disposable food service items

- Use disposable containers that are compostable and direct this material to available composting operations in your area
- Use disposable containers that are recyclable

Recycle Grease

- Do not have grease to be recycled

Recycle and Reduce Waste

- Glass (**required for Virginia Green**)
- Aluminum Cans
- Steel Cans
- Plastic
- Toner Cartridges
- Newspaper
- Office Paper
- Cardboard
- Packing Supplies
- Fluorescent Lamps (may required by law)
- Batteries
- Electronics equipment - computers, etc.
- Track overall waste bills
- Have numeric goal to reduce overall materials that go to the landfill
- Donate excess food from events
- Compost food waste and other compostables
- Have an effective food inventory control to minimize waste
- Purchase organic and / or 'sustainably-grown' foods
- Use non-bleached napkins and coffee filters
- Provide condiments, cream and sugar, etc. in bulk
- Use bulk soap dispensers in public restrooms
- Purchase recycled content paper towels and toilet paper
- Use a last-in/first-out inventory & effective labeling systems
- Make 2 sided copies / printed materials

- Using 'green' Cleaners that are dispensed in bulk
- Purchase durable equipment and furniture
- Properly recycle and / or disposal of thinners and solvents (required by law)

Use Water Efficiently

- Track overall water usage and wastewater
- Perform preventative maintenance to stop drips and leaks
- Have automatic faucets or toilets in public restrooms
- Discourage water-based cleanup (sweep first)

Conserve Energy

- Track overall energy bills
- Use LED Exit Signs
- Have a high efficiency heating & air conditioning (HVAC) system
- Perform preventative maintenance on HVAC system
- Purchase ENERGY STAR computers, appliances, etc.

James Madison University- Let's Go!

Virginia Green Activities

This facility pledges that they:

Minimize the use of disposable food service items

- Use disposable containers that are compostable and direct this material to available composting operations in your area
- Other Activities: Offer reusable to go containers

Recycle Grease

- Filter the grease to prolong its life
- Use our grease to make bio-diesel

Recycle and Reduce Waste

- Glass (**required for Virginia Green**)
- Aluminum Cans
- Steel Cans
- Plastic
- Toner Cartridges
- Newspaper
- Office Paper
- Cardboard
- Packing Supplies
- Fluorescent Lamps (may required by law)
- Batteries
- Electronics equipment - computers, etc.
- Track overall waste bills
- Have numeric goal to reduce overall materials that go to the landfill
- Donate excess food from events
- Compost food waste and other compostables
- Have an effective food inventory control to minimize waste
- Purchase locally grown produce and other foods
- Purchase organic and / or 'sustainably-grown' foods
- Use non-bleached napkins and coffee filters
- Provide condiments, cream and sugar, etc. in bulk
- Use bulk soap dispensers in public restrooms
- Purchase recycled content paper towels and toilet paper

- Use a last-in/first-out inventory & effective labeling systems
- Make 2 sided copies / printed materials
- Using 'green' Cleaners that are dispensed in bulk
- Purchase durable equipment and furniture

Use Water Efficiently

- Track overall water usage and wastewater
- Perform preventative maintenance to stop drips and leaks
- Have high efficiency dishwashers
- Have low flow bathroom sink faucets and showerheads (sink faucets use no more than 1.5 gallons per minute (gpm), showerheads no more than 2.5 gpm)

Conserve Energy

- Track overall energy bills
- Use natural lighting

Source of energy

- Purchase ENERGY STAR computers, appliances, etc.

James Madison University- Madison Grill

Sit down, relax, and let us serve you! Our premier full service bistro features hand-cut steaks, gourmet sandwiches, and innovative specials featuring locally-grown and sustainably-raised items.

Virginia Green Activities

This facility pledges that they:

Minimize the use of disposable food service items

- Do not use disposable containers

Recycle Grease

- Filter the grease to prolong its life
- Use our grease to make bio-diesel

Recycle and Reduce Waste

- Glass (**required for Virginia Green**)
- Aluminum Cans
- Steel Cans
- Plastic
- Toner Cartridges
- Newspaper
- Office Paper
- Cardboard
- Packing Supplies
- Fluorescent Lamps (may required by law)
- Batteries
- Electronics equipment - computers, etc.
- Track overall waste bills
- Have numeric goal to reduce overall materials that go to the landfill
- Donate excess food from events
- Compost food waste and other compostables
- Have an effective food inventory control to minimize waste
- Purchase locally grown produce and other foods
- Purchase organic and / or 'sustainably-grown' foods
- Use reusable dishware and glassware & minimize use of disposables
- Use non-bleached napkins and coffee filters
- Provide condiments, cream and sugar, etc. in bulk
- Use water pitchers and filtered water to minimize the use of single-use bottles
- Use menus and table placards as opportunity to communicate green activities

- Use bulk soap dispensers in public restrooms
- Purchase recycled content paper towels and toilet paper
- Use a last-in/first-out inventory & effective labeling systems
- Make 2 sided copies / printed materials
- Using 'green' Cleaners that are dispensed in bulk
- Purchase durable equipment and furniture

Use Water Efficiently

- Track overall water usage and wastewater
- Perform preventative maintenance to stop drips and leaks

Conserve Energy

- Track overall energy bills
- Have a high efficiency heating & air conditioning (HVAC) system
- Perform preventative maintenance on HVAC system
- Use natural lighting

Source of energy

- Purchase ENERGY STAR computers, appliances, etc.

James Madison University- Market One

Market One is a retail dining location.

Virginia Green Activities

This facility pledges that they:

Minimize the use of disposable food service items

- Use disposable containers that are compostable and direct this material to available composting operations in your area

Recycle Grease

- Filter the grease to prolong its life
- Use our grease to make bio-diesel

Recycle and Reduce Waste

- Glass (**required for Virginia Green**)
- Aluminum Cans
- Steel Cans
- Plastic
- Toner Cartridges
- Newspaper
- Office Paper
- Cardboard
- Packing Supplies
- Fluorescent Lamps (may required by law)
- Batteries
- Electronics equipment - computers, etc.
- Track overall waste bills
- Have numeric goal to reduce overall materials that go to the landfill
- Donate excess food from events
- Compost food waste and other compostables
- Have an effective food inventory control to minimize waste
- Purchase organic and / or 'sustainably-grown' foods
- Use non-bleached napkins and coffee filters
- Provide condiments, cream and sugar, etc. in bulk
- Use screen based ordering systems
- Use bulk soap dispensers in public restrooms
- Purchase recycled content paper towels and toilet paper
- Use a last-in/first-out inventory & effective labeling systems

- Make 2 sided copies / printed materials
- Use electronic correspondence and forms
- Using 'green' Cleaners that are dispensed in bulk

Use Water Efficiently

- Track overall water usage and wastewater
- Perform preventative maintenance to stop drips and leaks
- Have high efficiency dishwashers
- Have automatic faucets or toilets in public restrooms
- Discourage water-based cleanup (sweep first)

Conserve Energy

- Track overall energy bills
- Have a high efficiency heating & air conditioning (HVAC) system
- Purchase ENERGY STAR computers, appliances, etc.

James Madison University- Mrs. Greens

Super salad bar with homemade breads, fresh hot soups, featured specialty wraps and expanded entrée bar. Also make sure to pick up a reusable to-go container, just another way Mrs. Green's is staying green!

Virginia Green Activities

This facility pledges that they:

Minimize the use of disposable food service items

- Use disposable containers that are made from recycled content paper
- Use disposable containers that are compostable and direct this material to available composting operations in your area
- Other Activities: Offer reusable to go containers

Recycle Grease

- Filter the grease to prolong its life
- Use our grease to make bio-diesel

Recycle and Reduce Waste

- Glass (**required for Virginia Green**)
- Aluminum Cans
- Steel Cans
- Plastic
- Toner Cartridges
- Newspaper

For more information on the Virginia Green program, see www.deq.state.va.us/Programs/PollutionPrevention/VirginiaGreen.aspx.

Virginia Green is a partnership supported by the Virginia Department of Environmental Quality, the Virginia Hospitality & Tourism Association, and the Virginia Tourism Corporation.

Virginia Green Restaurants

James Madison University- East Campus Dining Hall Harrisonburg, VA

Virginia Green is the Commonwealth of Virginia's campaign to promote environmentally-friendly practices in all aspects of Virginia's tourism industry. **Virginia Green** has established "core activities" specific to each sector of tourism, and these practices are considered the required minimum for participation in the program. However, **Virginia Green** encourages its participants to reduce their environmental impacts in all aspects of their operations, and this profile provides a full list of all their "green" activities. These are the activities that guests / customers can expect to find when they visit this facility.

James Madison University- East Campus Dining Hall

James Madison University's East Campus Dining Hall is a residential dining facility.

Virginia Green Activities

This facility pledges that they:

Minimize the use of disposable food service items

- Do not use disposable containers

Recycle Grease

- Use our grease to make bio-diesel

Recycle and Reduce Waste

- Glass (**required for Virginia Green**)
- Aluminum Cans
- Steel Cans
- Plastic
- Cardboard
- Track overall waste bills
- Have numeric goal to reduce overall materials that go to the landfill
- Donate excess food from events
- Compost food waste and other compostables
- Have an effective food inventory control to minimize waste

- Purchase locally grown produce and other foods
- Purchase organic and / or 'sustainably-grown' foods
- Use reusable dishware and glassware & minimize use of disposables
- Use non-bleached napkins and coffee filters
- Provide condiments, cream and sugar, etc. in bulk
- Use water pitchers and filtered water to minimize the use of single-use bottles
- Print menus on recycled content paper with soy-based inks
- Use bulk soap dispensers in public restrooms
- Purchase recycled content paper towels and toilet paper
- Use a last-in/first-out inventory & effective labeling systems
- Make 2 sided copies / printed materials
- Use electronic correspondence and forms
- Using 'green' Cleaners that are dispensed in bulk
- Purchase durable equipment and furniture
- Purchase low-VOC carpets and fabrics
- Perform preventative maintenance on all appliances, HVAC systems, plumbing, and vehicles
- Use less toxic materials
- Use 'integrated pest management' (IPM)

Use Water Efficiently

- Track overall water usage and wastewater
- Perform preventative maintenance to stop drips and leaks
- Have high efficiency dishwashers
- Have low flow bathroom sink faucets and showerheads (sink faucets use no more than 1.5 gallons per minute (gpm), showerheads no more than 2.5 gpm)
- Have low flow toilets (use 1.6 gallons or less per flush - 1.6 gpf)
- Have waterless urinals
- Have an effective storm water management plan
- Have rain gardens
- Maintain vegetative buffers around streams and ponds

Conserve Energy

- Track overall energy bills
- Use LED Exit Signs
- Have a high efficiency heating & air conditioning (HVAC) system
- Perform preventative maintenance on HVAC system
- Use natural lighting

Source of energy

- Use lighting sensors to turn on / off lights
- Use occupancy sensors to turn on / off lights
- Purchase ENERGY STAR computers, appliances, etc.
- Use LEED criteria when developing new buildings
- Achieved LEED certification (please indicate the LEED certification in the 'other' box below)
- Other Activities: LEED certified GOLD

For more information on **James Madison University- East Campus Dining Hall**, see www.campusdish.com/en-US/CSMA/JMU/Home.htm?LocationID=4810 or contact Caroline Rust at rustcw@jmu.edu or 540-568-5731.
