

Virginia Green Lodging Profile:

Crystal City Marriott Hotel at Reagan National Airport Arlington, Virginia

Virginia Green is the Commonwealth of Virginia’s campaign to promote environmentally-friendly practices in all aspects of Virginia’s tourism industry. *Virginia Green* has established “core activities” specific to each sector of tourism, and these practices are considered the required minimum for participation in the program. However, *Virginia Green* encourages its participants to reduce their environmental impacts in all aspects of their operations; and this profile provides a full list of all their “green” activities. These are the activities that guests / customers can expect to find when they visit this facility.

Crystal City Marriott Hotel

“11 story, full service hotel with 343 guest rooms”

Green Statement: “We have been going green in an effort to help reduce our environmental footprint and to do our part to positively impact the environment.”

CORE ACTIVITIES for Lodging

“☑” This symbol indicates a required activity for Virginia Green Lodging facilities. Participants self-certify that these activities are in place and they provide additional specifics on other activities. Visitors to **Crystal City Marriott** can expect the following practices:

☑ **Optional Linen Service.** Virginia Green Lodging facilities must have some sort of system in place that allows guests to not have their sheets and towels changed every day. This facility pledges that they:

- Change linens only upon request
- Train house cleaners on process for optional linen service
- Purchase water and energy efficient washers and dryers
- Use non-phosphate, non-toxic, and biodegradable laundry detergents
- Minimize use of bleach and chlorinated chemicals
- Use linens service providers that employ “wet” versus “dry” cleaning

☑ **Recycling and Waste Reduction.** Virginia Green Lodging facilities must recycle Glass Bottles and are highly encouraged to maintain a comprehensive recycling program. This facility pledges that they:

- Recycle: glass, aluminum cans, steel cans, plastic, office paper, toner cartridges, newspaper, cardboard, packing supplies, fluorescent lamps, batteries, electronic equipment
- Provide clearly marked collection bins throughout the meeting room, dining room and lobby level and an in-room recycling program
- Track overall waste bills
- Have numeric goal to reduce overall materials that go to the landfill

- Instruct housekeeping to save and reuse unopened items
- Have an effective food inventory control to minimize waste
- Purchase locally grown produce and other foods
- Purchase organic and “sustainably-grown” foods
- When disposable containers are used, they are made from bio-based materials, recycled content and/or compostable material
- Use reusable dishware and glassware, and minimize use of disposables
- Use water pitches and filtered water to minimize the use of single-use bottles
- Use bulk soap dispensers in public restrooms
- Purchase recycled-content paper towels and toilet paper
- Use a last-in/first-out inventory and labeling system
- Encourage suppliers to minimize packaging and other waste materials
- Purchase from vendors and service providers with a commitment to the environment
- Make 2-sided copies/ printed materials
- Use electronic correspondence and forms
- Use “green” cleaners that are dispensed in bulk
- Purchase durable equipment and furniture
- Purchase low VOC carpets and fabrics
- Use reused building materials or those from sustainable sources
- Use latex paints that are low VOC
- Re-use paint thinners
- Properly recycle/dispose of thinners and solvents
- Perform preventative maintenance on all appliances, HVAC systems, plumbing, and vehicles
- Use less toxic materials
- Use integrated pest management (IPM)
- Minimize the use of pesticides and herbicides
- Use a nutrient management plan that minimizes the use of fertilizers

Water Conservation. The facility must have a plan for conserving water that should consider plumbing modifications and landscaping. This facility pledges that they:

- Track overall water usage and wastewater
- Have a numeric goal to reduce water consumption over time
- Perform preventative maintenance to stop drips and leaks
- Have:
 - low flow restrictors on faucets and showerheads
 - low flow toilets
 - automatic faucets or toilets in public restrooms
- Discourage water-based cleanup (sweeping first) and use microfiber technology mops
- Have an effective landscape management plan which utilize drought tolerant species, and minimizes lawn areas
- Have an effective stormwater management plan including: pervious pavement, and the minimization of impervious areas (paving, concrete, etc)

Energy Conservation. The facility must have a plan in place that encourages replacement of lighting and equipment to energy-efficient alternatives. This facility pledges that they:

- Track overall energy bills
- Have had an energy audit to identify efficiency opportunities
- Have a numeric goal of how much they want to reduce their energy usage over time
- Have an “energy management system” in place to track and meter energy usage
- Use:
 - compact fluorescent light bulbs in all rooms and in canned lighting
 - high efficiency fluorescent ballasts and lamps (T5s and T8s)
- Have high efficiency heating & air conditioning (HVAC) systems
- Perform preventative maintenance on HVAC system
- Have individual thermostats for each room/area
- Use natural lighting

- Use lighting sensors to turn on/off lights
- Use occupancy sensors to turn on/off lights
- Purchase EnergyStar-rated computers, copiers, and appliances
- Have thermal-rated windows and insulation

Green Events Package. The facility must offer a “green” or “environmentally-friendly” package for conferences, meetings and other events. Even if the facility only offers occasional, small events, at least recycling will be provided. This facility pledges that they:

- Promote the availability of “green meetings/conferences” in marketing packages
- Event recycling program
- Pens, paper, cups made from 100% recycled materials
- Energy efficient lighting programs
- Paperless event ordering
