

Listing of Applicants Requesting FY 2017 Virginia Clean Water Revolving Loan Assistance

Attachment A

FY 2017 Applicants	Amount Requested	Project Description	Points	Projected Construction Start
Wastewater Projects				
Town of Virgilina	\$ 310,045.00	Improvement to the existing Virgilina Sewage Treatment Plant and related sanitary sewer system to meet ammonia limitations in the VPDES permit and the requirements of a Consent Order.	408.51	March-17
City of Norfolk	\$ 10,000,000.00	Sewer system improvements including six (6) projects involving sewer replacement and one (1) pump station replacement all to reduce sanitary sewer overflows.	387.88	November-17
Wise County Public Service Authority	\$ 531,127.00	New equipment, instrumentation and modifications to the Upper Exeter Sewage Treatment Plant to bring the facility into consistent compliance.	331.88	July-17
Town of Wytheville	\$ 1,222,000.00	Installation of a sewage pump station / force main to take the Edgemont Center's outdated lagoon system off-line and divert flow to the Town of Wytheville's system for treatment.	330.70	May-17
Town of Clifton Forge	\$ 1,349,739.00	Replacement and/or rehabilitation of sanitary sewer lines and manholes in accordance with Consent Order.	311.68	March-17
City of Richmond	\$ 2,696,622.00	Rehabilitation of 13 manholes and 1,900 linear feet of 60-inch brick sewer pipe in Shockoe Bottom, which are in advancing stages of structural deterioration.	267.15	June-17
Hampton Roads Sanitation District	\$ 1,729,713.00	New equipment, instrumentation and modifications to the King William Treatment Plant to improve operational reliability and accommodate future Phase 2 expansion.	265.65	May-17
Hampton Roads Sanitation District	\$ 1,201,200.00	Rehabilitate the Rodman Avenue Pump Station and install a sluice gate, an exhaust fan and a grinder in the wet well to improve operation and safety..	265.65	February-17
Town of Pennington Gap	\$ 1,652,791.00	Upgrade Town's existing Wastewater Treatment Plant with new equipment and technologies to replace outdated equipment and meet regulatory requirements.	263.16	August-17
City of Covington	\$ 498,000.00	Rehabilitation of three (3) pump stations to improve performance and prevent overflows to the Jackson River during peak hydraulic flows.	258.35	July-17
Town of Marion	\$ 346,300.00	Replace 2,300 linear feet of existing terra cotta sewer line to resolve line breaks, blockages and Inflow/Infiltration.	257.71	May-17
City of Petersburg	\$ 750,000.00	Rehabilitation of two (2) pump stations, installation of manhole inserts, and replace of two (2) gravity sewer lines to improve system reliability and reduce the potential for sewage overflows.	253.87	January-18
Hampton Roads Sanitation District	\$ 7,338,652.00	Replacement of outdated main switchgear, generator switchgear, controls and appurtenances at the Boat Harbor Wastewater Treatment Plant.	245.65	June-17
Hampton Roads Sanitation District	\$ 3,534,541.00	Replace approximately 5,800 linear feet of the Luray Creek-Woodhaven Interceptor Force Main to address imminent pipe failure.	245.65	May-17
Hampton Roads Sanitation District	\$ 1,315,241.00	Replace approximately 1,250 linear feet of Ferguson Park Interceptor to address imminent pipe failure.	245.65	May-17
Henry County Public Service Authority	\$ 23,659,400.00	Reactivation of the Lower Smith River Wastewater Treatment Plant with new and upgraded equipment and a new wastewater conveyance system to connect two (2) service areas.	235.66	October-17
Hampton Roads Sanitation District	\$ 2,334,378.00	Installation of approximately 2,250 linear feet of 36-inch force main to allow for the abandonment of approximately 5,500 linear feet of 36-inch reinforced concrete pipe that is corroded.	235.65	May-17
Hampton Roads Sanitation District	\$ 2,176,098.00	Replace the outdated main vacuum/pumping station in Mathews County to improve system reliability.	235.65	June-17
Alexandria Renew Enterprises	\$ 2,200,000.00	Design and construct new ultraviolet disinfection system to replace existing outdated system.	213.96	February-16
Town of Gate City	\$ 1,726,278.00	Rehabilitation and/or replacement of 4,500 linear feet of 15-inch line, 3,600 linear feet of 12-inch line and 1,025 linear feet of 8-inch line to address Inflow/Infiltration issues.	207.80	April-17

Listing of Applicants Requesting FY 2017 Virginia Clean Water Revolving Loan Assistance

FY 2017 Applicants	Amount Requested	Project Description	Points	Projected Construction Start
City of Martinsville	\$ 3,425,000.00	Replace existing Class B sludge processing equipment with a new processing system to meet Class A pathogen and vector reduction requirements. This is Phase I.	160.44	February-17
Hampton Roads Sanitation District	\$ 47,885,843.00	Implement a thermal hydrolysis process at the Atlantic Treatment Plant to produce Class A Biosolids along with the installation of a fats, oils, and grease receiving facility.	155.65	May-17
Hampton Roads Sanitation District	\$ 6,094,306.00	Replace 3,900 linear feet of the Deep Creek Interceptor to address potential pipe failure and interconnect two (2) force mains in order to eliminate a portion of an existing force main.	155.65	April-17
Harrisonburg/Rockingham Regional Sewer Authority	\$ 2,700,000.00	Additional funding for the construction of the Biogas Sludge Drying component of the energy efficiency improvement project.	147.29	July-17
Wastewater Projects subtotal	\$ 126,677,274.00			
Stormwater Projects				
City of Richmond	\$ 4,307,361.00	Maurice Avenue Phase II stormwater collection and detention system using a series of permeable paver systems.	422.15	April-17
Stormwater Projects subtotal	\$ 4,307,361.00			
Living Shoreline Projects				
Middle Peninsula Planning District Commission	\$ 250,000.00	Create and operate the Middle Peninsula PDC Living Shoreline Incentive Funding Program for homeowners within member localities to install living shorelines to stabilize the water's edge and reduce pollution of surface waters. (Living Shorelines).	N / A	
Living Shoreline Projects subtotal	\$ 250,000.00			
Total Requested	\$ 131,234,635.00
