**RE: Dominion Bremo Power Station VPDES Permit No. VA0004138:
Notice of Commencement of Water Releases**

Dear Ms. Carver:

In accordance with Special Condition I.G.24 of the subject permit, Dominion is providing this notice that release of treated water from the dewatering of the onsite ash impoundments began at 9:40 AM today, April 27, 2016.

Dominion is using a multi-stage water treatment and filtration process that incorporates state-of-the-art science and engineering. The water is being thoroughly tested before it is released into the James River, ensuring safety for people, wildlife, and our environment.

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

Sincerely,

Paula A. Hamel
