

DEPARTMENT OF ENVIRONMENTAL QUALITY
Notice of Funding Opportunity with the Department of Conservation and Recreation

The Virginia Department of Conservation and Recreation has issued a request for pre-proposals (RFP) to implement TMDL implementation projects that will result in advancement of goals and milestones provided in eligible TMDL implementation plans.

Funding is available statewide for projects supporting implementation activities that address agricultural, residential septic, pet waste, suburban and urban, and mining NPS pollution. Eligible implementation and education activities included in this RFP reflect priorities established during IP development for impaired watersheds. Funding will not be provided for activities that are not included in the IP that covers the project area.

Pre-proposals received in response to this RFP will be considered for an invitation to develop a full proposal for project funding for a 2-2 ½ -year grant with a target start date of July 1, 2013. This date is subject to the award of funds to DCR from EPA.

Pre-proposals are due February 8, 2013. Application materials are available on the DCR website at the link provided below. A list of eligible TMDL Implementation plans is provided in Attachment III (page 14) of the RFP.
