

Pre-Application Public Notice

C4GT, LLC intends to apply for a Virginia Water Protection Permit (VWP Permit) pursuant to 9VAC25-210 in order to construct a water intake structure to withdraw water from the James River for the purpose of operating a combined cycle power plant. Planned facilities include: (1) a 10.2 million gallons per day capacity raw water intake in Shirley Cove located on Shirley Plantation in Charles City County, VA, (2) a pump station adjacent to the river intake, (3) an approximately 12-mile raw water pipeline to convey river withdrawals to the C4GT facility, located in Charles City County approximately 2,000 feet north and west of the intersection of Roxbury Road and Chambers Road (State Roads 106 and 685).

Interested people seeking additional information or requesting a public information meeting may communicate in writing to George Hass c/o C4GT, LLC, 23955 Novi Road, Novi, MI 48375 or by contacting Mr. Hass by phone at 248-735-6684. Comments received from the public will be evaluated by C4GT, LLC and addressed in the permit application.
