

Giles County and the Towns of Glen Lyn, Narrows, Pearisburg, Pembroke, and Rich Creek

Water Source Overview

Major water sources are the New River and groundwater wells.

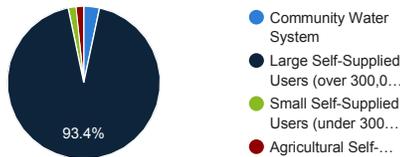

***Table 1:** Reported (2010) and projected (2040) water use by system type for Giles County in MGD

Type	Reported Use 2010 MGD	Projected Use 2040 MGD
Community Water System	1.282	1.374
Large Self-Supplied Users (over 300,000 gal/month)	35.614	38.173
Small Self-Supplied Users (under 300,000 gal/month)	0.635	0.681
Agricultural Self-Supplied Users	0.618	0.618

Water Use by System Type

Approximately 6,348 people use private groundwater wells for residential water supply. All tables and graphs represent reported water use including Sales to other localities, if applicable.

***Figure 1:** Percentage of reported water use by system type in 2010 (No use data shown on graph if less than .01 MGD: Refer to Table 1)

***Figure 2:** Disaggregated water use percentages for Community Water Systems in 2010 (No graph shown if no disaggregated use data reported)

***Table 2:** Reported (2010) and projected (2040) groundwater and surface water use for Giles County in MGD

Reported 2010 Groundwater Use (MGD)	Reported 2010 Surface Water Use (MGD)	Projected 2040 Groundwater Use (MGD)	Projected 2040 Surface Water Use (MGD)
11.17	26.98	11.95	28.90

***Figure 3:** Giles County highlighted in the Commonwealth of Virginia

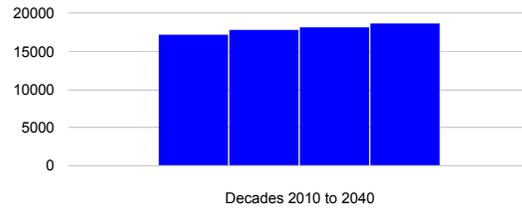

Projected Water Demand

Population and demand are projected to increase slightly through the planning period. Existing water sources are expected to meet projected demands.

***Table 3:** Giles County population projections by decade from 2010 to 2040 (data gathered from VEC projections - 05/20/13)

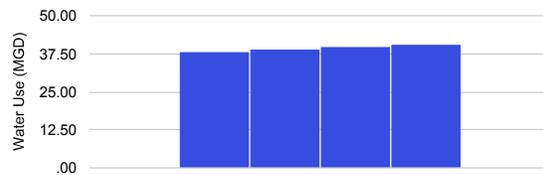

2010	2020	2030	2040	% Change (2010-2040)
17,286	17,821	18,283	18,683	5.9%

***Figure 4:** Giles County population projections by decade for 2010, 2020, 2030 & 2040

***Table 4 & Figure 5:** Giles County water demand trends by decade for 2010, 2020, 2030 & 2040 in MGD

Reported Use 2010 MGD	Projected Use 2020 MGD	Projected Use 2030 MGD	Projected Use 2040 MGD	Percent Change (2010-2040)
38.15	39.05	39.95	40.85	7.1%

Drought Management Practices

The County and Towns adopted an ordinance for the implementation and enforcement of the regional Drought Response and Contingency Plan. (New River Valley Regional WSP)
