

FORM 1

Worksheet for Determining if an Environmental Impact Report is Required.

Project Name:

Project

Description: _____

Answer the following questions to determine whether an EIR is required:

_____ Does this project propose acquisition of land on which a state facility will be built, where the total project cost is expected to exceed \$500,000?

_____ Does this project propose a lease that will result in construction or expansion of a structure, and propose a lease cost greater than \$500,000? (Lease cost = annual lease amount X number of years.)

_____ Does this project propose construction of a new facility on state-owned land that will cost more than \$500,000?

_____ Does this project propose expansion of an existing state facility that will cost more than \$500,000?

If you answered "yes" to any of the above questions, an environmental impact report is required. You should carefully consider the information in this manual, and discuss the project with the Department of Environmental Quality. If you require written concurrence from the DEQ about whether an environmental impact report must be submitted, please contact the Environmental Impact Review Coordinator (804-698-4330).
