

The Virginia Solid Waste Management Regulations (9 VAC 20-80-113 D 2) require the department to publish a list of jurisdictions whose laws and regulations allow for the treatment or disposal of waste in municipal solid waste facilities that Virginia's laws and regulations prohibit or restrict. The list must be published by July 1 of each year.

Sanitary landfills that accept waste from any of the listed jurisdictions are required to perform increased inspections for unauthorized waste as required in 9 VAC 20-80-250 C 1 b. Incinerators/energy recovery facilities that accept waste from any of the listed jurisdictions are required to perform increased inspections for unauthorized waste as required in 9 VAC 20-80-370 D 3.

Based on the jurisdictions where MSW (non-proprietary) was received during the 2004 calendar year, the following jurisdictions allow for the treatment or disposal of wastes that Virginia's laws and regulations prohibit or restrict. Landfills and incinerators that receive waste from the listed jurisdictions must inspect 10% of incoming loads of waste from the listed jurisdictions.

List of Jurisdictions 2005

Delaware
District of Columbia
Maryland
Massachusetts
New Jersey
New York
North Carolina
Pennsylvania
Tennessee
West Virginia
