Strategy Goal

• Implement action items identified in the 2011-2015 Section 309 Virginia Working Waterfronts Plan

• Develop memoranda of understanding and new policies to be implemented at the local level based on locality needs
Benefits to Coastal Management

- Coordinated planning federal, state and local levels of government, private sector stakeholders
- Improved management of growth and development
- Socio-economic benefit protecting major component of Virginia’s coastal economy
Work Plan - Year 1

• Consolidate inventories of WW infrastructure in 4 regions

• Expand to include public landings where watermen currently have access

• Coarse analysis of working waterfront sites in the remaining planning districts
Work Plan - Year 1

• State Legislation - create a state sponsored uninsured motorist program for workboats.

• Research uninsured motorist program (§ 46.2-710) and how to modify for watermen.

• Also review and refine past bills from Delegate Harvey Morgan that included tools for protection of working waterfronts
Work Plan - Year 2

• Develop model zoning language and coastal living policies for local consideration

• GA will be asked to restore the marine fuel tax to fund the repair of public working waterfront infrastructure

• GA will also be asked to adopt the state Working Waterfront Plan
Work Plan - Year 3

• Seek local support of the state approved Working Waterfront Plan. The plan will be presented to localities to have Board of Supervisors and Town Councils consider it for adoption.

• Adoption of the WW plan would allow for continuity of policy across the coastal zone.
