Use Conflict

Predicate

- Every agency or unit of government has a different mission and jurisdiction
 - Management of “Use” is a different question than management of “Resources”
 - Use can be managed actively
 - Manufacturing plant makes nuclear widgets
 - Use can be managed passively
 - Agricultural activities- “Right by Use”-

You Finally made it- Retirement!

....And the big boat comes along
with retirement

....Life is so goooooood !!!

Then..... your neighbor gets
one of these!

Or..... One of these

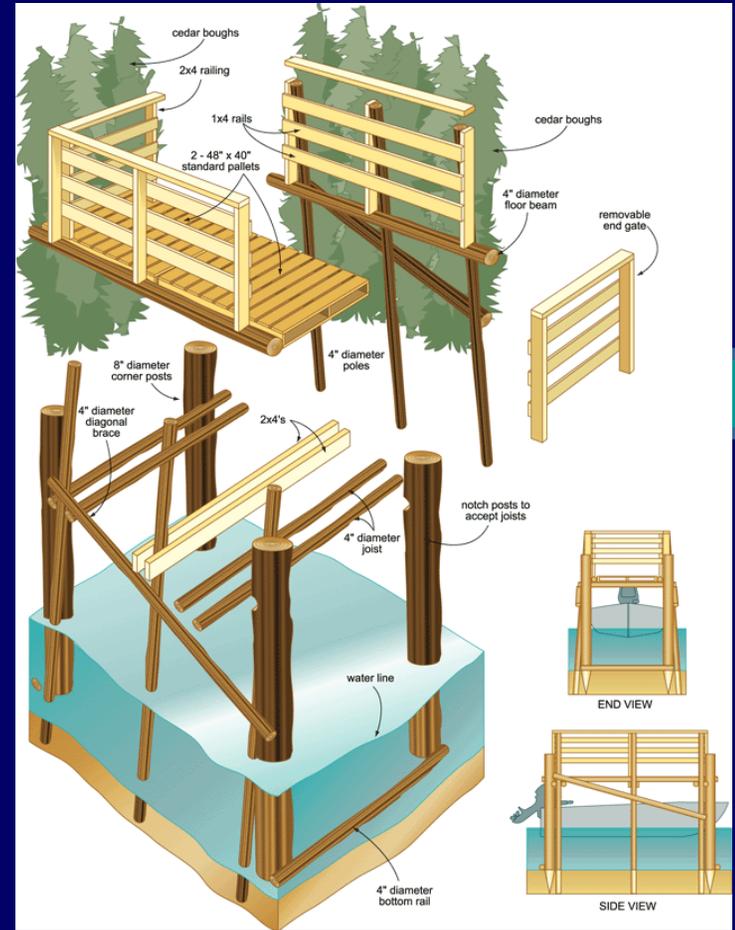

Or... this happens in front of
your home

Or this....

- Or this....

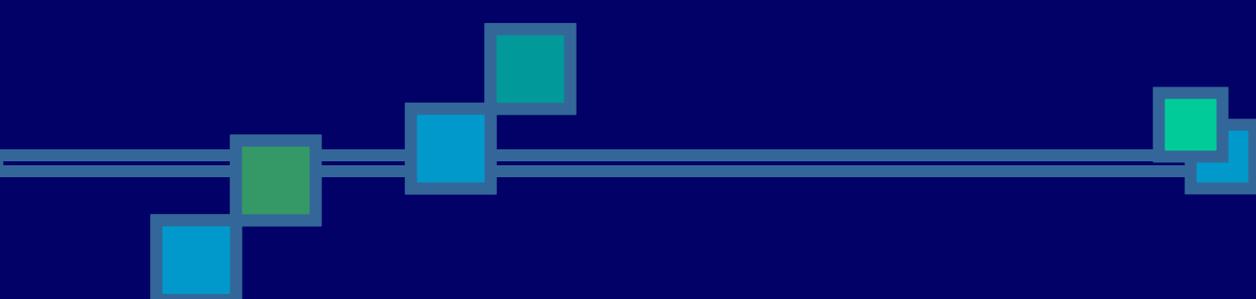

A large graphic with a blue background. At the top, the words "RECKLESS DRIVING" are written in large, bold, green letters. Below this, a white car is shown driving on a road that is curving sharply to the right. The car is filled with people, some of whom are hanging out of the windows. Below the car, a red boat is shown on the water, also filled with people. The text "IS RECKLESS DRIVING" is written in large, bold, blue letters on the right side of the graphic. At the bottom left, there is a logo for the US Army Corps of Engineers, which consists of a stylized bridge or structure inside a square. Below the logo, the text "US Army Corps of Engineers" is written. At the bottom right, the text "Your Safety • Our Concern" is written.

Or, finally this.....

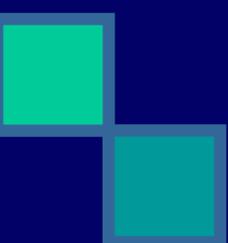

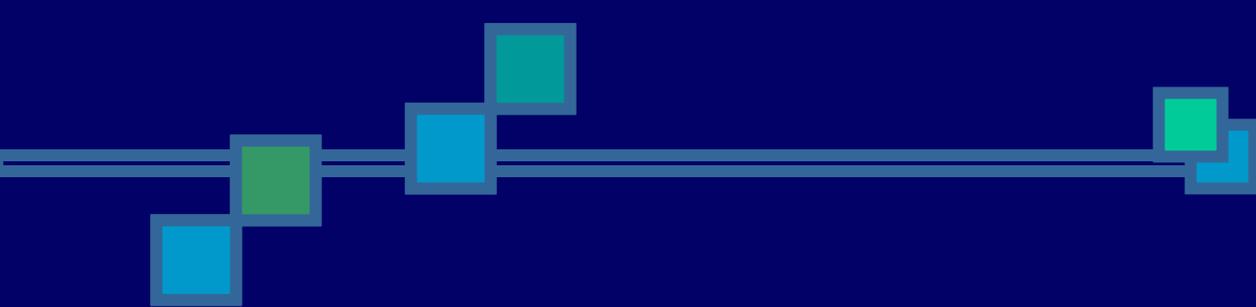

Middle Peninsula Waterfront is Changing

What's the core problem

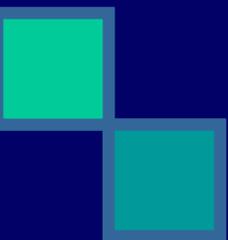

- 
- 2 or more people want to do different things in the same area at the same time
 - Who is right?
 - Who gets to manage “Use” and allocate “Space”
- 

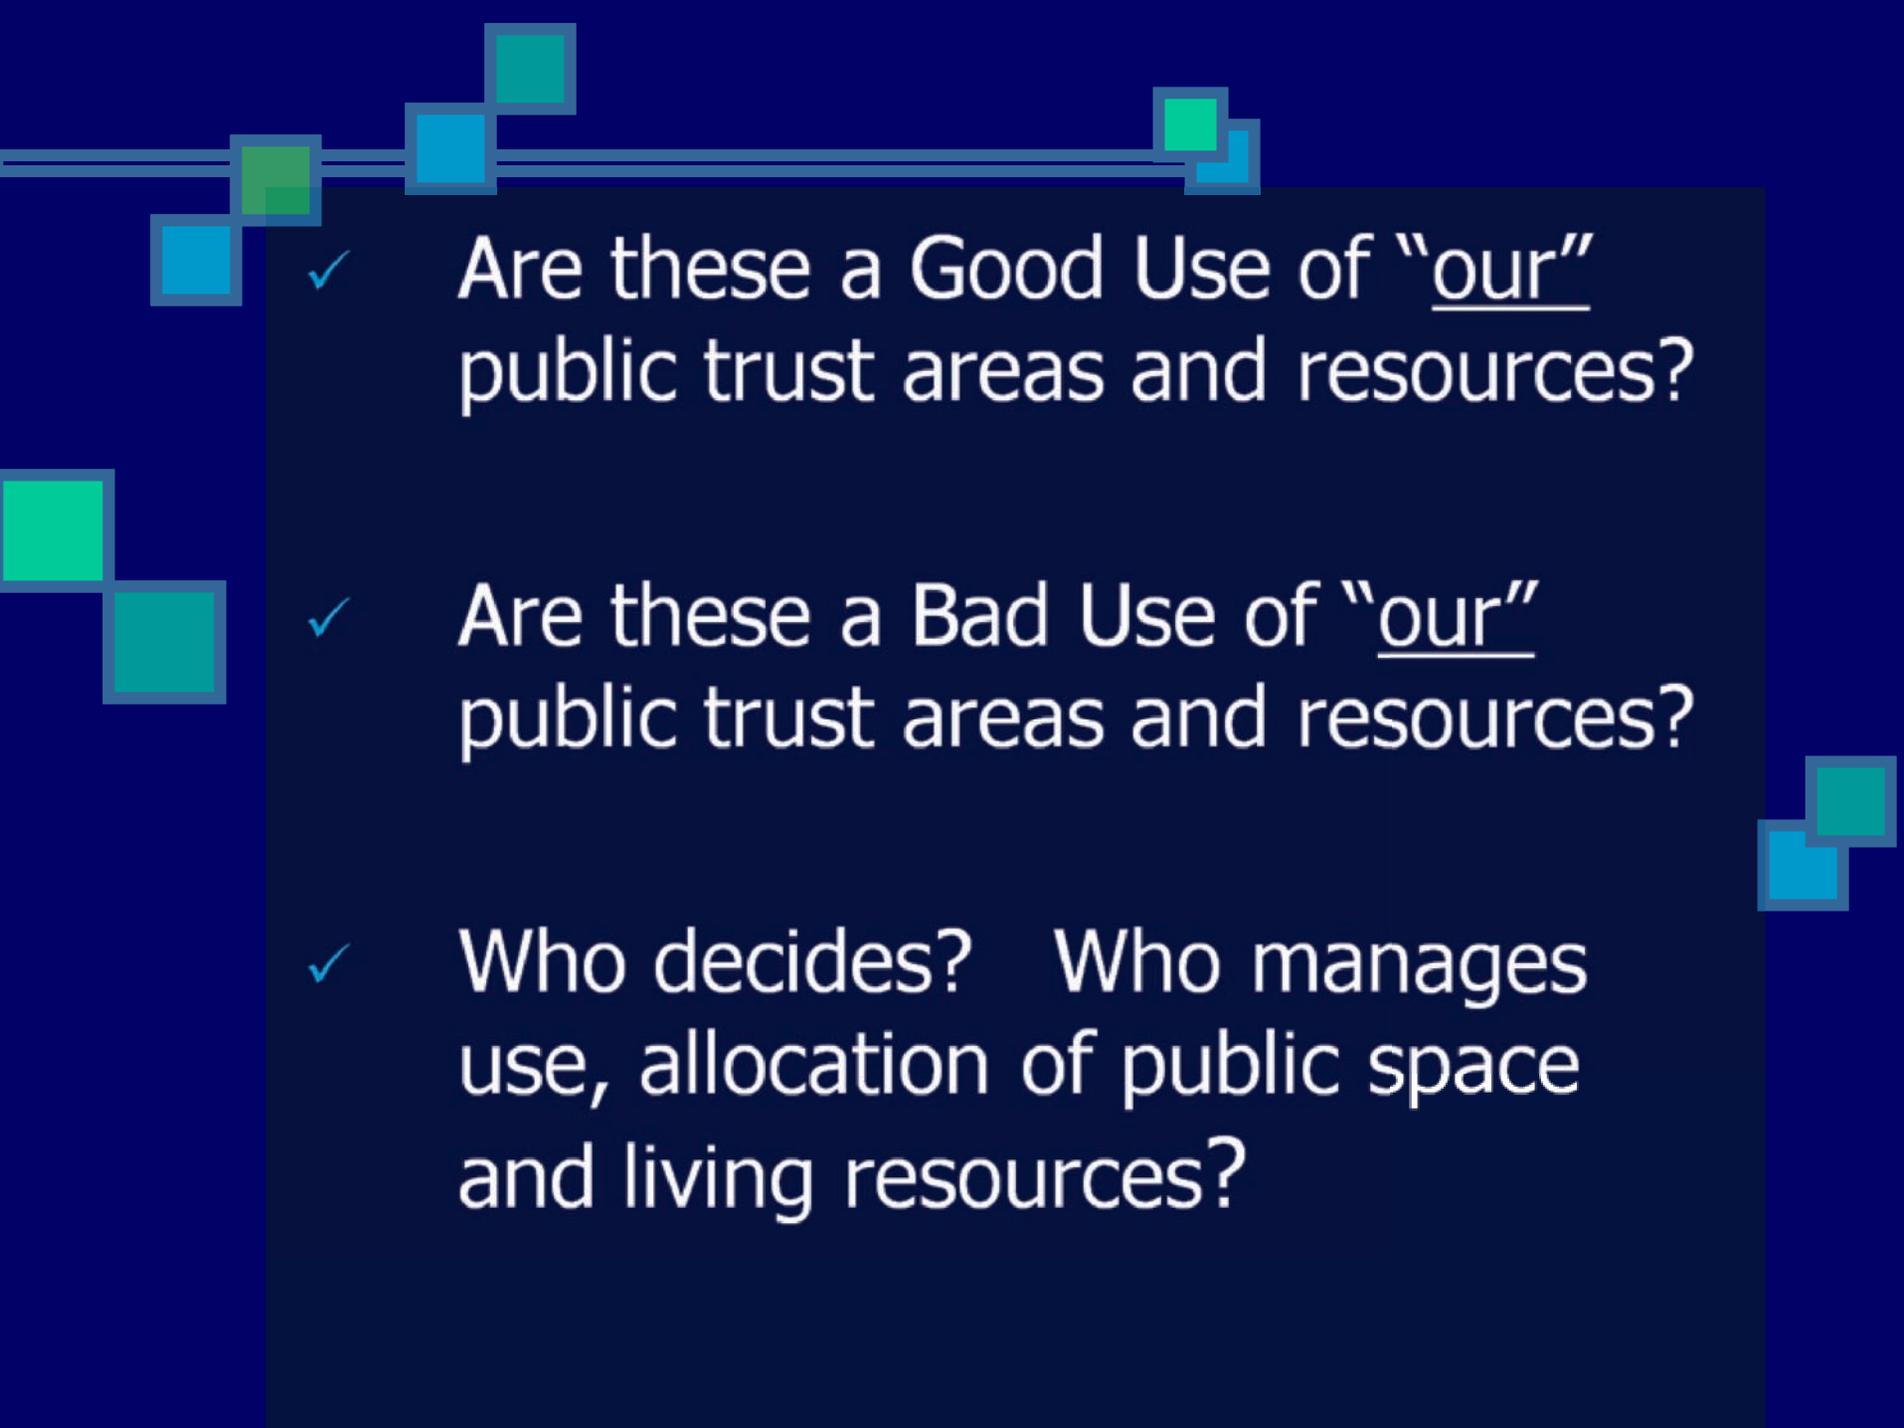

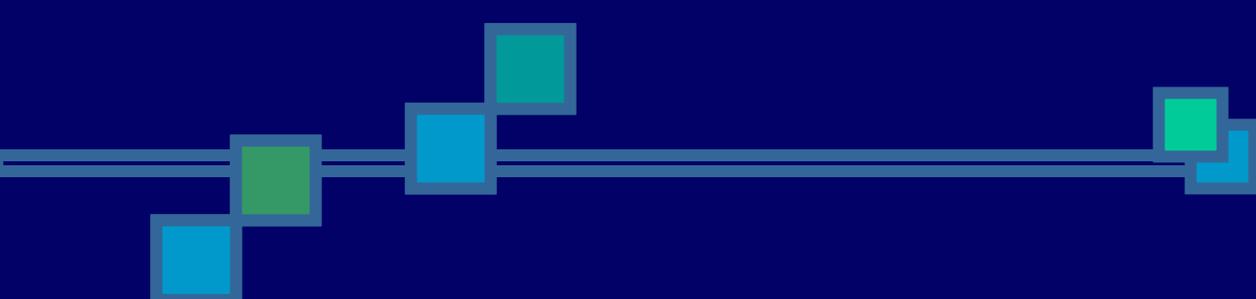

■ Visually appealing ?

OR

■ Visually appalling ?

- 
- ✓ Are these a Good Use of "our" public trust areas and resources?
 - ✓ Are these a Bad Use of "our" public trust areas and resources?
 - ✓ Who decides? Who manages use, allocation of public space and living resources?

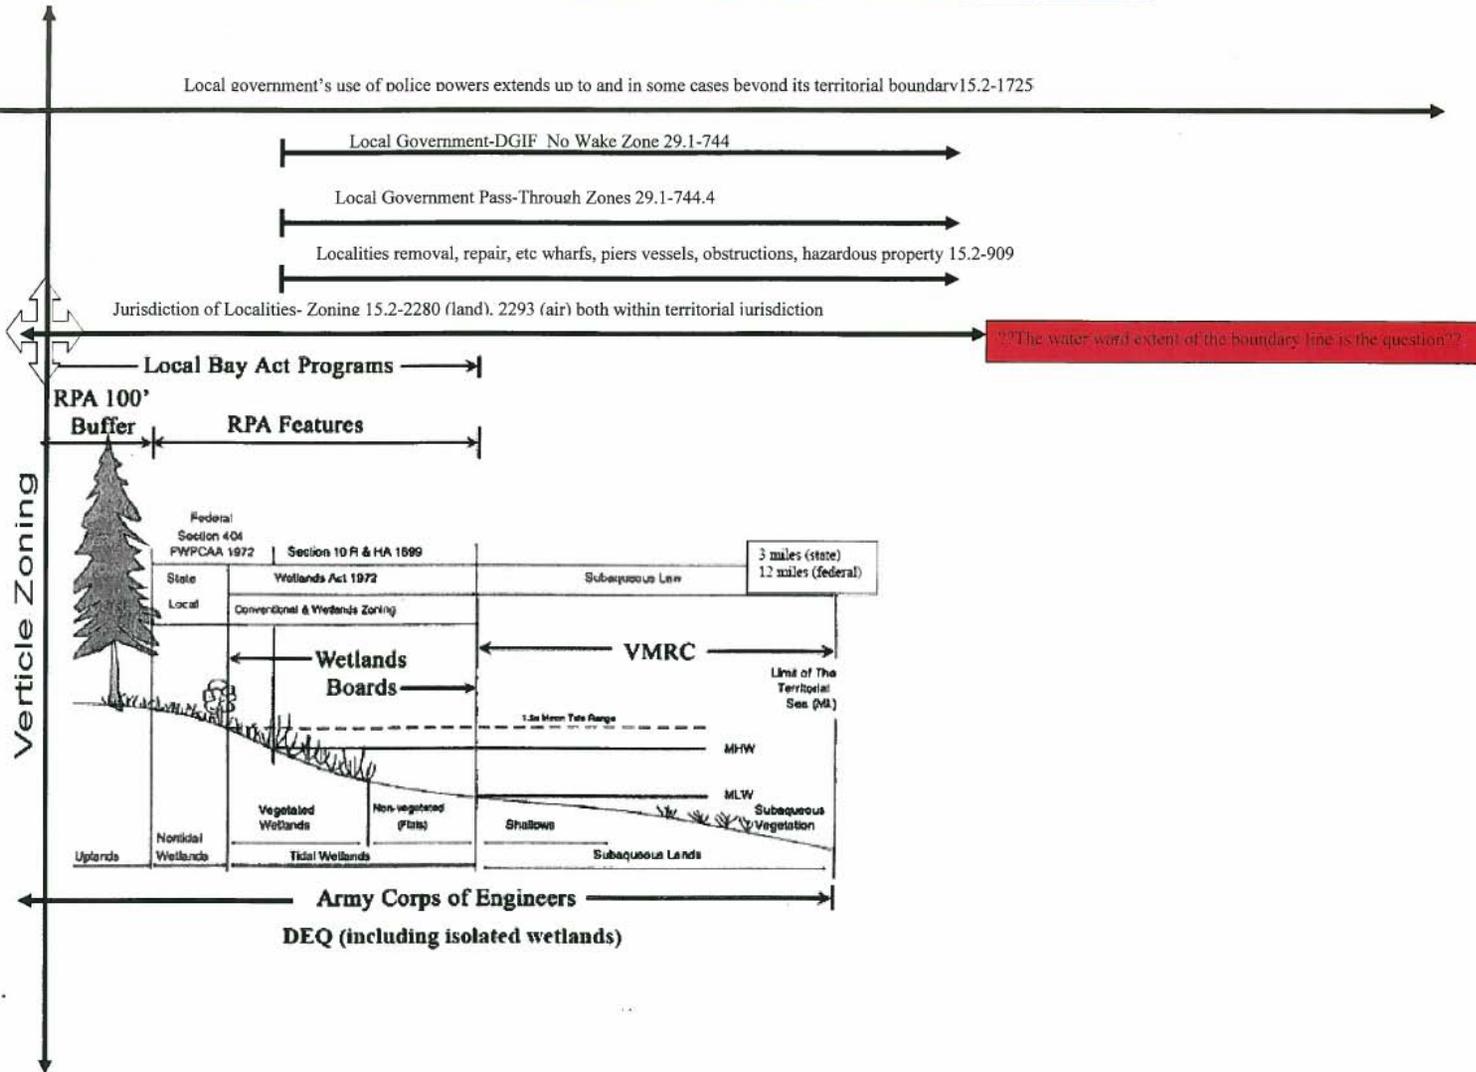

Managing Use Conflict is:

- Complicated
 - Regulatory
 - New twists on old rules
 - Joins Use Management with Resource Management
- 

Traditionally who manages use?
