| Computer Recycling of Virginia, Inc. | Process/Specs |
|---|---|
| Mr. Chris Parkhurst<br>P. O. Box 66<br>Millers Tavern, Virginia 23115<br>Phone: 804-445-9672<br>Warehouse: 804-443-0660<br>Fax: 804-445-9672 | Process: 501(c)(3) Non-Profit Organization. Donations are tax deductible. Demanufactures computer systems that are not acceptable for school needs. Refurbishes electronics for donation to schools. Standard procedure is to wipe every drive to the new state standard. Each drive is overwritten three times or physically mutilated to prevent data recovery. |
| Email: chris@recycle4va.com or | Specs: Pentium 133 and higher requested for refurbishment. Older units will be accepted for demanufacturing. Accepts all electronics for school use, including TVs and audio units. Do not landfill any of the equipment/components. |
| http://www.recycle4va.com/Home.php | CRTs: Accepts CRTs/monitors as part of complete computer system or individually. Also, accepts TVs either individually or in quantity. Donate working units to Virginia schools. Scrap monitors/CRTs are demanufactured into component parts and materials for reuse or salvage. Continue to demanufacture obsolete equipment. Final processing of scrap leaded glass is performed by an EPA approved glass company in the US. In the end, the processed glass is sold to CRT manufactureres such as RCA, LGPhillips and Corning-Asahi.<br>**Charge**: Maybe: Each client is evaluated to determine if a fee must be charged. In most cases fees are waived for individuals. |

| Email: jim@eassetsolutions.com<br><br>Website: www.eassetsolutions.com | **CRTS**: All monitors accepted.<br>**Charge**: CRT Monitors or televisions, and most other video display units are accepted for a flat charge of $10 per unit.  Larger CRT TVs are $20. |

| Electronic Service Solutions (E.S.S.) | Process/Specs |
|---|---|
| Ms. Andrea Cordero<br>ESS Recycling<br>1921 Landsdowne Rd.<br>Baltimore, MD 21227<br>Warehouse: 46 Alco Place<br>Baltimore, MD 21227 | Process: ESS specializes in coordinating pick-up events for local communities, businesses, schools, universities, and hospitals. We have no locality charges, however we do charge $8-$12/monitor, $15-20/TV, and $0.25-$0.38/lb. We are able to handle up to 20 tons per event, and hold events weekly, up to 100/year.  Please call or email for more information or to schedule a pick-up. |
| Email: andrea.c@essrecycle.com<br><br>Website: www.essrecycle.com | Our fee structure is based on what percentage of the equipment is recycled and resold. Older electronics that do not meet current functionality needs must be recycled, and as such, will incur a fee. However, equipment that is refurbished and resold will offset these recycling fees and are passed onto the customer in the form of savings!  The computer equipment will be sorted for reuse or recycling and equipment that meets the required functionality standards will be refurbished and resold. Part of the equipment will be donated to our pilot programs with non-profit agencies. The proceeds from equipment sold will help with education, awareness, re-investment and provide job-related services for people with barriers to employment. Computers that cannot be refurbished will be responsibly recycled to insure 99.9% of the materials are reused in the future.<br>**CRTS**: All monitors accepted.<br>**Chagre**: Yes.  See above or contact for more information. |

| Electronics Recycling of Virginia | Process/Specs |
