PERMIT NAME AND NUMBER: Dominion Possum Point Power Station – CCR Surface Impoundments, Solid Waste Permit No. 617.

PERMIT APPLICANT: Virginia Electric and Power Company (d/b/a Dominion Virginia Power), 5000 Dominion Boulevard, Glen Allen, Virginia 23060.

FACILITY NAME AND LOCATION: Dominion Possum Point Power Station, near Dumfries, and accessed by Possum Point Road (Route 633).

PROJECT DESCRIPTION: This proposed solid waste permit is to address closure of certain coal combustion residual (CCR) surface impoundments, at the Possum Point Power Station in Dumfries, Prince William County, Virginia. The proposed closure by removal of Surface Impoundment Ponds A, B, C and E is addressed. The proposed solid waste permitting action does not include or authorize the closure of Surface Impoundment D. The closure of Surface Impoundment D will be addressed in a future permitting action subject to public participation. This proposed permit also includes EPA CCR Rule requirements as well as groundwater monitoring and surface water monitoring at the facility for all CCR Surface Impoundments. The public may review the draft permit at the DEQ office named in the contact below. Additional Information is available at http://www.deq.virginia.gov/Programs/LandProtectionRevitalization/PermittingCompliance/SolidWastePermitActions.aspx.

HOW TO COMMENT: DEQ accepts comments by hand-delivery, e-mail, fax or postal mail. All comments must include the name, address and telephone number of the person commenting and be received by DEQ within the comment period. DEQ also accepts written and oral comments at the public hearing. Comments provided by hand-delivery, postal mail, or fax should be sent to the contact identified below.
