Re: Temporary Emergency Permit for Treatment of Hazardous Waste
Afton Chemical Corporation
EPA ID Number VAP000016406

Dear Ms. Carter:

Enclosed is the Temporary Emergency Permit (Permit) for Treatment of Hazardous Waste issued by the Department of Environmental Quality, Office of Financial Responsibility and Waste Programs (DEQ, OFRW) to the Afton Chemical Corporation (Afton) facility and a copy of the public notice. A verbal/oral Emergency Permit was issued by the DEQ on August 12, 2020.

The Permit covers the treatment of hazardous waste as described in the permit. The hazardous waste consists of 1, 4 Liter bottle of Tetrahydrofuran with the waste codes D001, D003 and U213.

In accordance with 9 VAC 20-60-1270, a permit application fee is required. Afton submitted payment by check in the amount of $2,310. The payment was received by DEQ on August 25, 2020.

The completed Permit Application was submitted to the DEQ on August 12, 2020. The public notice will be advertised in the Richmond Times Dispatch on Friday, August 28, 2020, and the public notice comment period will run from August 28, 2020 to September 28, 2020.
Please be reminded that a copy of the required report, as described in the Permit, must be submitted within 30 days of the Permit expiration date or termination date.

If you have any questions regarding the Permit or public notice, please contact Ashby Scott at (804) 698-4467 or by e-mail at Ashby.Scott@deq.virginia.gov.

Sincerely,

[Signature]

Leslie A. Romanchik
Hazardous Waste Program Manager
