# 2013 Virginia Green Travel Star Awards Green Travel Leader

## The Collins House Inn

As a Virginia Green Inn, The Collins House Inn works diligently to promote green awareness. Through her efforts at the inn, Susan has taken an initiative to engage with the City of Marion in focusing on and participating in establishing and maintaining a true recycling program. She hopes to bring the town closer to a green community with her continued efforts promoting green programs at the inn, as well as in her local community.

The Inn also promotes and encourages green practices such as consuming sustainable, local food by treating guests to a full, hearty breakfast made with fresh herbs and vegetables grown in the Inn's garden.
