

This is a notice for the final meeting of the Salt Management Strategy (SaMS) Government Coordination workgroup. Total Maximum Daily Loads (TMDLs) for chloride associated with salt application from snow and ice management have been developed for the Accotink Creek watershed, located in Fairfax County and the City of Fairfax. These TMDLs were approved 5/23/18. The SaMS is intended to assist in the implementation of the Accotink Creek chloride TMDLs. The SaMS aims to prepare a strategy that is capable of achieving the target chloride (salt) loads identified in the Accotink Creek TMDLs and that proactively addresses salt application in the broader surrounding region. The project area for the SaMS includes Arlington, Fairfax, Loudoun, and Prince William counties and the cities of Alexandria, Manassas, Manassas Park, Falls Church, and Fairfax. For more information on the SaMS visit <http://www.deq.virginia.gov/SaMS.aspx>.

The purpose of this workgroup meeting is to briefly discuss the workgroup's recommendations that are included in the overall SaMS strategy, and conduct formal polling of workgroup members' support for each recommendation. In addition, the workgroup will briefly discuss current plans for ongoing leadership of SaMS as the strategy shifts from development to implementation in 2021. If you have any questions regarding this meeting, or the SaMS project overall, please contact Dave Evans via phone, email, or conventional mail using the information listed at the bottom of this notice. All meeting materials related to this project will be posted on the DEQ website at: <http://www.deq.virginia.gov/SaMS/MeetingMaterials.aspx>

Given the existing State of Emergency related to the COVID-19 pandemic, this meeting will be held entirely virtually. A computer or a telephone are necessary to participate virtually. All participants are encouraged to access the meeting using a computer to view presentations or visual displays, although audio only participation using a phone is also an option. The URL to access the virtual meeting is provided below. If meeting participants experience any interruption in the meeting broadcast, they should call the technical support line.

**The Government Coordination workgroup meeting will be held:**

**Wednesday, November 18, 2020 from 9:00 a.m. to 10:00 a.m.**

**This is a virtual meeting that can be accessed via: <https://global.gotomeeting.com/join/670583005>**

**Participants can use their computer audio and microphone, or they can dial:  
[\(408\) 650-3123](tel:(408)650-3123)**

**Access Code:** 670-583-005

**For technical assistance during the meeting call: 703-583-3906**

*In the event that the Governor's State of Emergency is lifted, the meeting will be held on the same date and time at:*

*DEQ Northern Regional Office  
13901 Crown Court  
Woodbridge, VA 22193*
