## Prompting Questions for Discussion of Draft Goals and Objectives

### Goals:

- Do the Goals, as currently drafted, meet your expectation as to your desired outcomes of the SaMS effort?
- Please share any feedback on DEQ's draft Goal Statements
  - #1 (Develop Strategy)
  - #2 (Generate long-term support for implementation)
  - #3 (Improve water quality)
- Are there other Goals we should consider pursuing in development of the SaMS?

### Objectives:

- Do the Objectives, as currently drafted, meet your expectations as to your desired outcomes of the SaMS effort?
- Please share any feedback on DEQ's draft Goal Statements
  - #1 (Suite of best practices)
  - #2 (Guiding document with recommended actions)
  - #3 (Education and outreach campaign)
  - #4 (Explore funding opportunities)
  - #5 (Water quality monitoring program)
  - #6 (Effectiveness and report salt use)
- Are there any other Objectives we should identify to help guide development of the SaMS?
